From President Lois

Thanks to all the Operation Gratitude knitters. Our scarves and hats are on their way courtesy of Nazee.

For November we have the yarn crawl coming up. Contact Christine about transportation, etc.

The program for our regular November meeting is about granny squares so bring any samples of your work.

In the spirit of Grannies.....

At our last meeting, we decided to show and tell what

our mothers, grandmothers and other relatives had made for us. We can wear some of their work or bring it in to show-- in case we have out grown the clothing. I think any kind of needle work should be brought in to share-- not just knitting.

We all owe a lot of our art and craft to those who taught us the first knit and purl stitch. Any old pattern books out there?? They could be fun to see too.

So come prepared to honor all the Grannies in our lives.

See you soon,

—Lois
